Project Summary

Women mentorship sessions

Heart of Compassion Kenya continues to support vulnerable children and families through education, feeding programs, psychosocial support, and community empowerment initiatives. In March, the focus was on addressing school absenteeism, strengthening mental health support, and increasing community engagement.

Monthly Objectives:

- Improve school attendance among vulnerable children
- Strengthen psychosocial support for women
- Increase parent engagement and participation
- Enhance community outreach and support programs
-

Community Outreach

March, 2026.

Building Resilient Communities Together

Progress Summary

Children during classroom session

Completed Work:

- Conducted school assessments identifying key challenges affecting children
- Held weekly parent meetings focusing on resilience and coping strategies
- Provided counseling through home visits and sessions with a volunteer psychologist
- Engaged children in hygiene and spiritual development programs
- Distributed clothes to vulnerable children
- Partnership engagement during running for education

March, 2026.

Issues & Challenges

Marathon Education support partnership

Problems Encountered:

- Financial constraints limiting program expansion
- Low parental attendance due to economic pressures
- School absenteeism caused by lack of food and basic needs
- Stalled income-generating activities due to low sales
- Increasing mental health needs among women

Home visits counselling session

Resolution Steps:

- Introduced weekly parent saving plans (KES 50–200)
- Strengthened accountability in group income activities
- Increased focus on counseling and emotional support
- Improved communication strategies for meetings

Next Steps

Planned Activities for Next Month: April

- Holiday Feeding Program for vulnerable children
- Continued psychosocial support for women
- Provision of reading materials (story books for children during the holiday) and Holiday homework supervision.
- Strengthen partnerships and donor engagement

Holiday feeding program

March, 2026.

Budget and Resources

Budget Expenditure:

- Feeding Program Support Kshs. 5000
- Educational Materials (books, uniforms) Kshs. 10000
- Transport for home visits Kshs. 3000
- Counseling and mental health services Kshs. 15000

Resource Utilization:

- Community volunteers and facilitators engaged
- Volunteer psychologist supported counseling sessions
- Collaboration with teachers and local community members

Volunteers

Partnership engagement

Conclusion

- Summary of Progress: Significant progress was made in community engagement, mental health support, and identification of key challenges affecting children. Despite financial and resource limitations, the organization continues to make a meaningful impact.
- Overall Project Status: Ongoing
- Progress is steady, but additional support is needed to address financial and educational gaps.
